

Artful Aging LLC provides **Geriatric Care Management** which includes consultation, coordination, referral, and education to families and individuals navigating the complex issues surrounding the aging process.

Common areas of concern encountered while navigating the continuum of life:

Laying the Groundwork

Legal issues, Medical/Confidential information – HIPAA, Medical Records organization, Insurance, Medication Management, Home Health, Nurse referrals, Choosing Physicians and Hospitals, Identifying appropriate Palliative &/or Hospice support.

Making Choices

Review alternatives, Establish Goals, Coordinate Options and Choices with family members and support teams.

Health Concerns

Identify health issues, Schedule, Attend, & Document Physician Appointments, Coordinate Hospitalizations to Assure Safe Discharges. Post Hospital stay follow-up: Rehab, Skilled Nursing, Home Health and Nursing at home.

Living Options

Home Care, Independent Living, Assisted Living, Memory Care, Respite. Evaluate and recommend appropriate support and choices.

Communication

Monthly visits with client to reassess client status, family questions, referrals, & resources. Frequency of visits varies based on changes in health status and requests by family.

End of Life

Education, Palliative Care and/or Hospice to carry out client's wishes.

Every client has unique needs which Artful Aging LLC strives to bring into focus. Kindness, dignity and respect offered is the basis of our Care Management
